

Slope & Water Movement data for putting green based on GPS data

XYZ Golf Course

HOLE #13

Mavis Consulting, Ltd.

02475 Rosedale Rd.
Edgerton, OH 43517
(419) 212-1639

Brian@mavisconsulting.com

Slope from GPS Data

**Maximum change in slope pixel to pixel (Percent)

**Black lines show water flow determined using elevation data.

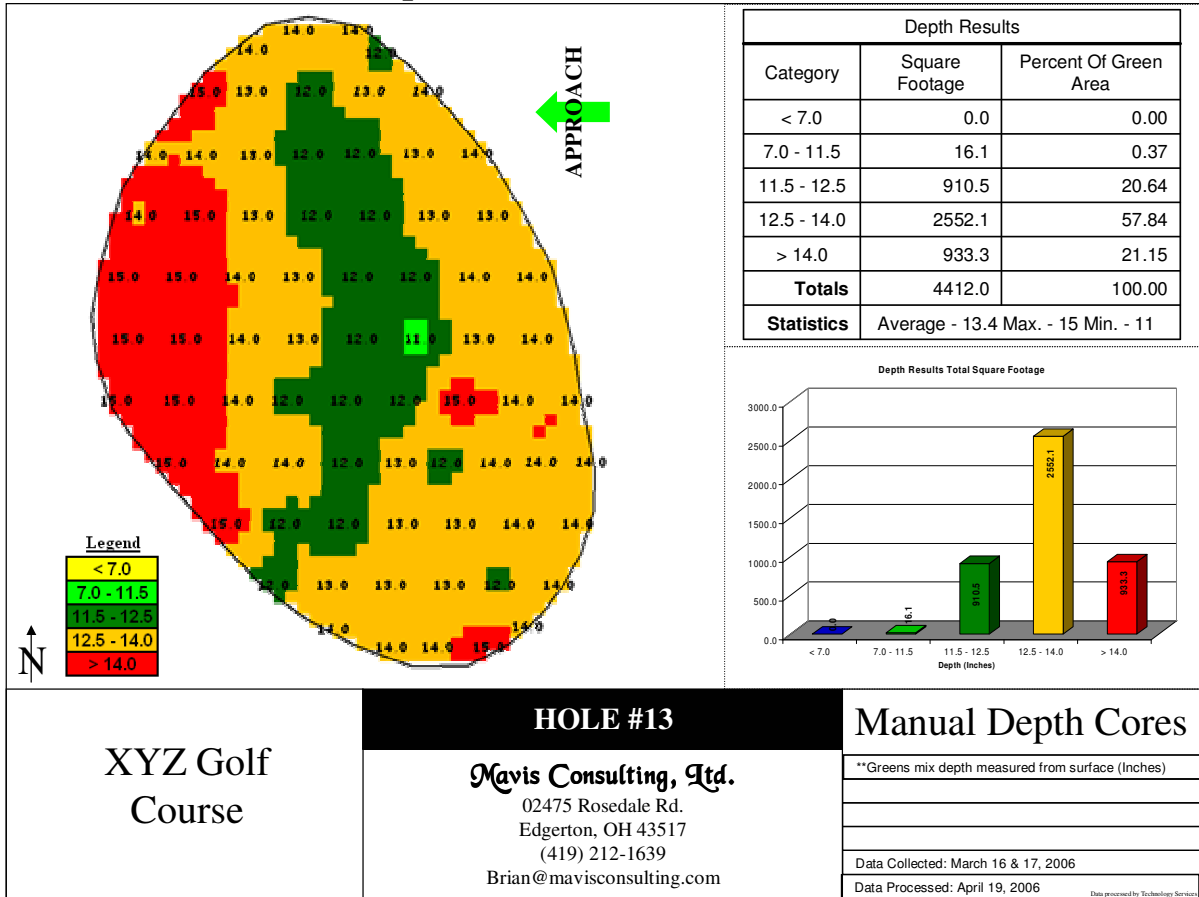

**Due to limitations of data quality caused by tree canopies and other site conditions, slope data should be considered to show general trends.

Data Collected: March 16 & 17, 2006

Data Processed: April 19, 2006

Data processed by: Techdata Services

Root-Zone depths based on manual measurement

XYZ Golf
Course
